

#3 | Carta for anna

To be really HAPPY, one must GIVE as much to All others as I can & at all opportunities.

Your Editor Barker is not above presuming that others values are equally the same values as his own.

The little "challenges" he inserted into your book are much too numerous to be coincidental or accidental.

They are seemingly "ERRORS" employed therein to extract TRUTH from old Carlos M. Colwell whom Barker PRESUMES

has materialistic & thus FALSE pride.  
yes, he does USE one's innate PRIDE to gain that which will, ultimately, make HIMSELF a pile of MONEY.

He does NOT put one persons interests nor pride AGAINST another's -

The man Barker too often "cuts his own throat" but LESS so than the majority of ufologists. yet, his tactics do spread dissent dissension & bitterness in ufology.

He KNEW I would be duped & suckered by the seemingly "errors" in "your - HIS" book but he really does NOT know my basic philosophy is one EXCLUDING FALSE - pride.

In this attempt he GOOFED with his "BAITING" of me BUT as this tactic and flattery FLOPPED with me, he will try some OTHER applied "psychology" "device".

His philosophy of PAY no money to anybody, STINKS.

He HONORS no man but HIMSELF & with me it DOES work.

most ufologists have ADOPTED me so much they "FEEL" am "THEIRS" I TOY & TANTALIZE & LAUGH AT THEM ALL.

They pay nothing & so I make SURE they receive nothing from me.

[#4] letter to anna

Juan T. Sanderson sent me "Tons" of his own science FICTION writings to flatter me & I sent them BACK & told HIM NOTHING, TOO Berlitz, posing as someone ELSE tried interviewing me & I cold-shouldered HIM & told HIM NOTHING, ALSO.

I mockingly FEEL at ufologists BUT am always in contact with or close communication with my REAL friends in the REAL, ACTUAL, TRUE science & academic (universities) world of GENUINE SCIENTISTS.

I do not & never have given a tinber tinny <sup>DAMN</sup> tip for UFologists.

for REAL, genuine SCIENTISTS, yes, but UFologists, NEVER.

Mr. William L. Moore KNOWS that I "am NOT a SCIENTIST" but I did EVERYTHING to get him to desist harrasing me.

In desperation, finally, I decided to feign insanity.

(on the highway near Clontarff, Minn.) BUT NOTHING WORKED. I maintained the pretense each time Moore spied me.

It was an excellent way of telling HIM, TOO, NOTHING.

My TRUE SCIENTIST friends in universities & Government always pay me a "CONSULTING FEE" of a HALF a grand.

But THESE non-ufologist TRUE SCIENTISTS are HONORABLE & therefore REAL personages who PAY for what they receive.

When Gray Barker requested TRUTH (with NO PAYMENT for it) I gave him a line of PURE BULLSHIT that he loved so well he STOLE it (PIRATICALLY) & REPRODUCED it for HIS PROFIT, while I LAUGHED AT HIM.

[#5] Letter to Anna

"Milly" J. Moore once sent me THIRTEEN letters in ONE week.  
I dumped most of them in the garbage can. With Him, I tried  
feigning DEATH, (no dice), Reprehensibility (no dice) Idiocy -  
(to ALSO no avail) DESTITUTION (TOO INFERIOR STATUS & ALSO NO DICE)

I <sup>SEMI-</sup> finally, to get him off my back, feigned illness (no dice)

I tried INSULTING him (no dice) I went to TWO foreign  
countries to escape his pestiferous, mesanceome, hounding -  
HARRASSMENT (via the mails, telephone, telegraph & ETC.) NO DICE, TOO.

I sikked the postal INSPECTOR-POLICE dept. on him (NO DICE)

I even went & made the initial move, (at the Chief of POLICE  
(Morris, Minn.) police headquarters) to have a FORMAL "COMPLAINT"  
filed against him. NO DICE

I tried to obtain a legal INJUNCTION on his harrassment. NO DICE

FINALLY, I made a LAUGHING STOCK, made him THE TOWN JOKE.  
and THAT, nasty, mean, dirty trick WORKED, thanks to God.

He (Moore) must have spent seven hundred dollars to GET OUT OF  
paying me either a consulting fee or intermediary fee ( $\frac{1}{2}$  grand)  
This is a tut-for-tut world: you GET what you PAY for.

He & they ALL PAID NOTHING & were surprised they all received nothing.

Oh! yes, those SELF-DISHONORING ufologists PROMISE & PROMISE & PROMISE.  
piss, they'll ALL promise you the moon adorned with jewels, silver,  
gold & diamonds - - - - and SHIT ON YOU after they get what  
I usually CAUSE them to BELIEVE is what THEY want. THE BASTARDS.  
I give to the needy NOT to the CUNNING who desire to TAKE from me. ACTUALLY -

[#6] Letter to Anna

actually Mrs. Genslinger, I have told NO ufologist ANYTHING AT ALL.  
I talk FREELY with fellow SCIENTISTS, yes, but in the LANGUAGE of  
science. But, Ma'am, HOW THE HELL CAN I EVER POSSIBLY REALLY  
COMMUNICATE EFFECTIVELY & WITH SIGNIFICANCE TO & WITH JUNIOR School  
FRENCH Teachers, (Morris, Minn.) Musical instrument repairmen in  
TUCSON, Arizona) & EX-hillbilly MOONSHINERS (Charlestown N. VI.)  
Travelling Salesmen (Vincent Jaddis) & animal catchers in  
Columbia (now Little Silver) New Jersey (Sanderson) &  
& a organic chemist (Robert Worth) a PRINTER in  
Brackewidge, Penna. (Robt. Foreman) & a housewife in  
Miami, Florida. IN really significant & effective SCIENTIFIC  
language ??? Ma'am, there EXISTS NO REAL BASIS for me  
to communicate with mere UFOLGISTS & never will be.  
Jesus Christ, woman, I TEACH, on odd occasions PROFESSORS in  
universities & I teach these university proff. "STUDENTS" of mine IN  
the LANGUAGE of TRUE, REAL, GENUINE physical SCIENCE !!!!!!  
THAT way THEY know to what & which I refer SCIENTIFICALLY.  
yet, with the exception of Gray Barker & John Keel, most ALL  
ufologists are dead-certain sure in a RIDICULOUSLY  
SELF-boosting, smugly concieted, supremely superior attitude &  
verbal way that I SOLELY & ONLY "THEY" are KNOWLEDGEABLE in SCIENCE.  
Hah! Ha! Haha! I could NOT have significantly nor revealingly  
communicated with the BEST of them. THEY do NOT know the language  
TO ILLUSTRATE. they (ufologists) have written SEVENTEEN books about my  
writings & unbeknownst to THEM, each of the seventeen is REALLY ABOUT  
ALBERT EINSTEIN'S BRIDGE-TUNNEL PROPULSION method for SPACE-SHIPS & SPACE-ARCS.  
After Ned published his "book" "PHILLY EXPERIMENT", I told THAT TO MOORE, he WEPT TEARS AT

#7 Letter to Anna

THEM went into a decidedly non-mature rage & then "STEAMED" angrily for quite a number of DAYS childishly.

Why?? Beh. HE "felt" I had "showed him up for a silly DUM-DUM" by refusing (I did not refuse, How can you inform a KNOW-IT-ALL??) to inform him of this PRIOR TO publication of his book.

HE'D "PROMISED" to let me read the manuscript before it was published then dis-honored his own self by BREAKING his promised (once-honorable) word. HAD he "allowed" me to

read the MANUSCRIPT I'd have immediately perceived that he ACTUALLY had started-out with Einstein's B-7 PROPULSOR going at more than 82 BILLIONS miles per hour & finished the book with not Einstein's force-fieldic PROPULSOR

but "THE FORCE-FIELDS (merely electric SPARKS) OF TOWNSEND-BROWN" that propelled at merely "SEVERAL HUNDREDS of MPH".

Such amateurish faux pas IDIOTRY is COMMON AM UFOLOGISTS.

I & my University professor friends AND associates READ THAT BOOK OF MR. W.H. L. MOORES FOR LAUGHS.

And'm, whether or not I agree or disagree or like or dislike what you wrote in your book, I do sure like you as a PERSON.

I have managed to PUT-OFF Mr. Barker BY mentioning, obliquely, that the ole thief most surely & certainly OWES me CASH MONEY BY the simple expedient & "device" of requesting he send me a "5" note. The mere HINT of EVER really actually PARTING with MONEY freezes all ufologists tight-fist, tight-wad gray shrunken soils & so I thereby & therefore tried to make SURE Barker would come here & best me.

Mr. Barker "TALK TO ME" (LMAO) alright I will TRV to talk with you & HUSBAND IF

UFOLOGISTS are usually BAD MANNERED & NOT KINDLY HELPFUL, OR CONSIDERATE OR FRIENDLY & COURTEOUS & POLITE BUT DEMAND NOT GET MAD.

P.P.S. Many have POSED as me & to those HAVE BEEN IMPOSTERS. My handwriting PROVES I am Carlos Allende - C.A.A.

you & I will simply COME HERE & keep in mind that Jessup did NOT die in 1959 but on the morning of October 28th, 1971 at about 08:12 A.M. in a small village-like town, near SAO PAULO, in the country of Brazil. (where there is NO international EXTRADITION for any ~~crime~~ crime committed in OTHER countries) & if you will just simply FORGET about Jessup & talk SCIENCE. ufologists BORE me, usually, BUT you interest me.

you have the same level of curiosity as a TRUE SCIENTIST & do if & solely & only if you are interested in the SCIENTIFIC aspects of ufology, alright, I WILL "talk" with you AND your husband. One insists on the husband or a blood-relative to be PRESENT during the 1/4th ~~month~~ month time of the interview SO THAT NONE can EVER say you were ALONE with a man OTHER than your husband.)

It is freezing cold but truly LOVELY here. The Spanish peaks can easily be seen from my door. I never invite ufologists: YOU are THE ONLY one ever invited to come INTO my domicile. your husband has wisdom & you have little PATIENCE. Hence, he is necessary to the success of your holiday (vacation) here. I'm sorry to say, that if you are orthodox church the nearest KOSHEN restaurant is a pleasant scenic hours drive away in PUEBLO. (the airport is also in PUEBLO) You will find me to be a jocular, joke-telling, comical story telling ugly old fart who loves the FRIENDLY, CHILDRINE people & who laughs often at my own COCKEYED STUPIDITY & SILLYNESSES. C. Allende

P.S. I hate non-accusatory MYSTICS. I hope you like BANDAGES & REPAIRS. M.T. 00.
